ACTIVITY DIRECTIONS

- Each activity will go with one of the following strategies:
 - Visual Strategy (Sense of Sight)
 - Auditory Strategy (Sense of Sound)
- Once we finish, your group will be asked to recall what you memorized from one of the activities.

Visual Activity

Sense: Sight

Directions: Come up with your OWN Memory Sentence to remember the steps for how a bill becomes a law! (ex: Please Excuse My Dear Aunt Sally--PEMDAS [order of operations]). Change your memory sentence into an acrostic sentence. Finally, Illustrate it when you're done!

Auditory Activity

Sense: Sound

Directions: Listen to the Loving Pi Song as many times as you need. The goal is to remember as many digits of Pi as possible.

HOW DOES A BILL BECOME A LAW?

- WHAT ARE THE STEPS FOR HOW A BILL BECOMES A LAW

PI

The numbers do not stop
Or drop into pattern, no
And memorizin' 'em takes most of a
lifetime**
