

Steps to Success and Eagle Time

Thoreau Middle School

Why Steps to Success?

- Our goal is to introduce strategies for organization, planning, and time management to the students in order for them to be successful in the classroom, school building, and at home.

What have we worked on so far?

- Students have familiarized themselves with their planners.
- Mapped out their school day with routes to and from classes/lunch/etc.
- Discussed organization tips for their backpacks and lockers.

How can parents help?

- Ask your child to show you their planner.
 - Help them with their backpacks- help keep them organized.
 - Assist them with their calendar and assignments posted on Blackboard or Google Classroom.
 - Ensure that you have a ParentVue account to access your child's grades.
 - Check out the Steps to Success lessons on our website and discuss them at home.
-

What is Eagle Time?

- A daily, 40 minute period for intervention, remediation, organization, work completion, and enrichment. This is all based on individual student needs and class requirements.

A student in Eagle Time will:

- Complete work.
- Meet with teachers.
- Plan ahead.
- Take ownership of their learning and success.
